

To: Faun Lake Board of Directors

From: Jim Alexander

I am writing to submit my name as a candidate for an open position on the Faun Lake Board of Directors. I have been an owner at Faun Lake since 2002 and have previously served on the BOD, Lakes Committee, and Future Planning Committee. I am very familiar with the operation and management of our community.

Since retiring from education as a teacher and administrator at Spencerport Central Schools I have been involved in many volunteer activities. These include the Rochester Museum and Science Center, Elmgrove United Methodist Church, the Gates Historical Society, the Board of Directors of the Maplehurst Commons Homeowners Association, and delivering Meals on Wheels. I have and am currently holding leadership positions in several of these organizations.

As a Board member I would work hard to represent the community at large, knowing that we are diverse and each have our own ideas about Faun Lake. I believe that it is important to have a sound financial status and an adequate reserve fund. Maintaining the quality of our community should be a high priority.

I realize there may not be a Candidates Night to meet and answer individual's questions so I am offering my email to the community and will be willing to answer questions via email or phone.

Jim
